THE IRONTON REGISTER .- The prospects

"We have neither time nor inclination to make any extended remarks-we will merely say that it has always gone against the grain for us to edit a neutral paper, and that we most heartily embrace the present fit opportunity to make a change that is perfectly in accordance with our feelings. Right gladly do we enter the political ring, and we trust

[Correspondence of the Lancaster Gazette.]

which legislative business is transacted, was to close for ever the controversy of prothey would not be astonished that so much time is annually consumed and so little real in the House, that the Ministers had violated work effected in that department of the public service. The one bears no proportion to the other. Such is the rule of parliamentary and the control of the other. Such is the rule of parliamentary and the control of the other o tary proceeding established by long prescription, that almost unlike every other pursuit, the time consumed and indeed the mere physical labor undergone, is no measure whatever of the results accomplished. Dr. Johncounty in perpetual terror by the torrent of the other free States about 115,000, and in and yet although they do nothing, they cannot be charged with idleness, for declamation is hard work-hard alike "on him that customed to the quiet avocations of life could sit in either branch a single day without pitying from his heart the poor victims

WHAT PLANK ROADS DO .- The Fayette-Fortune in Spite of One's Self," says: We learn that a sale took place in this county a few days ago, amounting to about \$16,000, of lands which would not have sold for half the money until the plank roads handsome farm. Before leaving New York were built through and near them. The they were presented with something over a owner never subscribed a cent to build the thousand dollars. owner never subscribed a cent to build the roads, but haggled for damages against the companies for passing through his lands."

INDUSTRIAL EMPLOYMENT IN IRELAND. A gentleman from the north of Ireland has just settled down in Galway, where he is giving employment to a considerable number of poor weavers in the manufacture of cali-co—a new branch of trade in that hitherto neglected district. He brought the yarn ter consigned to that city, and 812 to New prepared from Belfast, and gives out work to York. the artificers at their own homes. He expects soon to be in a position greatly to extend the field of his useful operations.

STITCHING SHOES BY MACHINERY .-Bridgewater correspondent of the Plymouth Memorial states that the introduction of coming quite common. One establishment

ligent search was made by the neighbors generally, but the little sufferers were not discovered until Sunday morning, they having wandered near five miles from home When found they were lying within a few feet of each other, and life was extinct:

ZANESVILLE COURIER. -Edward Ball, Esq. has retired from the editorial department of this paper, which he filled with much ability, Cassel and Mercer. The Courier is a most excellent paper and deserves, as it receives, best wishes for their success.

GOLD AT THE MINT .- From the 1st to the 15th of December the receipts of gold at the U. States Mint in Philadelphia, were \$2,-870,000 -a large amount for the period, though not up to the unprecedented deposits of November. Of this sum \$2,210,000 were deposited on Tuesday, which, the Bulletin says, shows a remarkable correspondence strictest sect is, it may be, a sufficient pledge for the political complexing of the Register.

Let our friends bestir themselves."

avy, snows a remarkation with the amount reported to have been brought by the Illinois, which arrived at New York on Saturday.

COLUMBUS, Dec. 18, 1852.

EDITOR OF THE GAZETTE:—If the people of Charicade, Lord Derby stated in the House of Lords, that the object of calling the Parliament together before Christmas tection and free trade. And De'Israeli said

> THE POPULAR VOTE .- The whole number of votes cast, at the late Presidential eection, was about 2,600,000. Gen. Pierce's plurality over Scott and Hale is between 50,000 and 60,000. His plurality in the New England States is about 10,000, in all the slave States (exclusive of South Carolina,)about 72,000.

SINGULAR COINCIDENCE.-Johnstown, in Fulton county, N. Y., is a steady, strong, and reliable whig "settlement." A "live whig" from that town informs the Albany Register that its whig majority on the Elec-toral Ticket at the three last Presidential elections was as follows: 1844, Clay 383 majority; 1848, Taylor 384 majority; 1852, Scott 383 majority. Differing but a single vote in eight years!

OPIUM TRADE .- The English are exerting the power and influence of the press to abolish their opium trade with China, as detrimental to their commerce and manufactures. "Better late than never" is an old of such horrible and merciless inflictions.

The Senate spent the greater part of ment, though not undertaken till the "plague"
